 Mesogi, Paphos

Area

 2300 m²

Type

Field

Residential plot in the community of Mesogi, Paphos District.

It is located in an attractive and quiet area which has seen significant residential activity in recent years, with the development of luxury homes and commercial development along Mesogi Avenue.

The plot has an irregular shape, a relatively smooth flat surface on two levels, and is accessible via an unregistered road. It falls within the Ka6a urban planning zone, which allows for a building coefficient of 90%.

A significant advantage is that it offers views of the surrounding area.
