**Under construction**

Energy efficiency rating

 **A**

Designed so that indoor and outdoor spaces are seamlessly unified, this project evokes an eclectic version of resort living. The contemporary yet relaxed interiors, dovetail seamlessly with the striking architecture offering clean, contemporary, stylish spaces. The access positioned on the side of the building and not as usually on the front, intends to take the guest across the experience of the side garden and to enter the property in a more central location, where every space is accessible with great efficiency. High ceilings allow generously the warm Mediterranean sunlight to fill the relaxed open plan interiors. Abound openings frame the private gardens. It's a truly idyllic scene perfectly suited for these ideal homes.
